

# Canberra Region Rugby League – 2020 Season

## Canberra Raiders Cup Player Points System

1. Each player is categorised into a particular category based on
  - (a) where he comes from, and
  - (b) what he has achieved in his football life.
2. Each Club is allowed the following total Player Points in any game (based on a squad of 17 players in A Grade, and up to 20 players in B and C grades)

A Grade	17 Player Points
B Grade	8 Player Points
C Grade	5 Player Points
3. Each player registered is to be categorised by CRRL, and the Club given the opportunity to dispute the category assigned to him.
4. When registering any player new to the CRRL Competition, a Club shall immediately provide details of the player's playing history to the CRRL.
5. Captain Coaches are treated in the same manner to any other player.
6. Any player after having been registered with the same club for 3 consecutive seasons reverts to a Category 1 classification at the end of the third season.
7. Player's points will not vary during any season and any player's points will not be varied upwards in relation to the Club the player may be playing with whilst that player continues with his current Club. Any revision of Player Points will only take place if that player is moving to another Club except in the situation where that player has completed three seasons with the same Club, after which time his Player points reduce to Nil whilst he remains with that Club.

## Penalties

Any Club who breaches the playing conditions as defined in the Points System is to have the amount of competition points deducted from their season tally as is equal to the amount of competition points awarded to a team for a win and the CRRL Committee may also impose a fine on the Club.
